

SENATOR VENDITTE: It is lost in the shuffle, Senator.

SENATOR KOCH: About 800 moons away, isn't it, and you have to bring it up from the bottom of General File, because if that is the case, we will all start playing that game and then there is going to be nothing accomplished?

SENATOR VENDITTE: Well, I think we will leave that up to the body to decide, Senator Koch.

SENATOR KOCH: We will, yes, because we all have the same concerns about certain pieces of legislation we carry, also.

SENATOR MARVEL: The motion before the House is...read the motion so that we will have it clear.

CLERK: Mr. President, the motion at this time is that the Speaker be directed that LB 187 and 808 be placed on Special Order for March 10, 1978.

SENATOR MARVEL: You have got a motion. Is there a second to the motion? Okay. The Chair is going to rule once again that we take up one at a time and we do not try to attach one to the other. We are going to confuse the issue and be here all night. Now at the moment, we are dealing with 187 which Senator Venditte has withdrawn. Now if you want to bring it up again, that is fine, but at the moment, you have withdrawn it. I am not going to recognize more than one bill at a time or we will be here all night and be thoroughly confused. Now you have withdrawn 187. Now, Senator DeCamp, I recognize you. I will not recognize two bills on a motion.

SENATOR DeCAMP: Okay, then my motion strictly says 187 then.

SENATOR MARVEL: Okay, what is your amendment or your motion. Read it.

SENATOR DeCAMP: The Speaker's order for whatever the date is, March 10th, be...the Speaker be directed to put 187 on Special Order for March 10th, 1978.

SENATOR MARVEL: Is that your unanimous consent request?

SENATOR DeCAMP: If we can do it by unanimous consent, I will do it that way.

SENATOR MARVEL: Okay, if we are mandating the Speaker, then we are talking about a motion that takes 25 votes. Is there a second to the motion?

SENATOR DeCAMP: Let's give Senator Venditte a chance to discuss the issue at the time anyway.

SENATOR MARVEL: The motion before the House is the bracketing of 187 as per the Speaker's order for March 10th. It has been seconded. We are not going to add any more bills to it so don't. Those are out of order. Okay, are we ready for the vote. Do we have an amendment? No, I am not accepting amendments for bills. Are we ready for the DeCamp motion on the 187 for March 10th as per the Speaker's order, which has been seconded. Okay, it takes 25 votes. Is there any other discussion? Senator Koch, your light is on. Do you wish to discuss this motion?
